

EURASIP Best Student Paper Award Sponsorship Guidelines

June 2017

To increase the impact of EURASIP and gather new members, notably young researchers, EURASIP may sponsor Best Student Paper Awards under the following conditions:

1. Only conferences/workshops with EURASIP technical sponsorship will be considered.
2. No conferences/workshops financially sponsored by international institutions or companies (other than EURASIP) will be considered.
3. Only one Best Student Paper Award will be considered per conference/workshop in the amount of 500€.
4. The maximum number of EURASIP sponsored awards per year is 3.
5. The award will be named 'EURASIP Best Student Paper Award'.
6. The conference/workshop needs to have an Awards Committee under the leadership of an internationally recognized expert. This Awards Committee must include at least one expert nominated by the EURASIP BoD, e.g. a EURASIP SAT (Special Area Team) Chair, see <http://www.urasip.org/>, notably in a field relevant for the conference/workshop.
7. The award winners have to be selected with a clear process, made publicly available by the paper submission deadline at the conference website.
8. The proposal for award sponsorship has to be submitted at least 2 months before the paper submission deadline to the EURASIP BoD member in charge of conferences (Workshops and Conferences Chair).
9. The approval of the award sponsorship is made by the EURASIP BoD. By the date of approval, the conference/workshop must already have its EURASIP technical sponsorship approved.
10. After approval, the conference/workshop commits to advertise the award with the appropriate name in the website and all advertising materials with high visibility.
11. The award will be given to the awardee at the conference/workshop banquet or at the opening ceremony by a person selected by the EURASIP BoD.
12. The awardee will receive a diploma where the name of the award and the EURASIP logo are highly visible.
13. The awardee will receive the monetary prize directly from EURASIP which should be informed of the details no more than a week after the end of the conference/workshop.

Note: The EUSIPCO Awards are excluded from this process as EUSIPCO is already, by definition, a EURASIP sponsored conference, in practice its flagship conference.
